

Penberthy Jet Pumps

Replace your Penberthy Jet Pump with a Jacoby Tarbox Jet Pump for better performance. Jacoby Tarbox eductors feature the newest ideas in eductor design and manufacture, ideas that provide real user benefits. **Jacoby Tarbox eductors match Penberthy eductors in connection sizes & dimensions. There is no need for repiping or resizing. The product is supported by a knowledgeable staff, large inventory and World Class Manufacturing.**

Our advanced design provides superior flow paths for optimum performance, while the rugged construction is your assurance of reliability on demanding applications. Eductors are also known as Jet pumps. Jet pumps not only pump liquids, they can also heat, mix and blend either in-line or in-tank. Jet pumps can evacuate gases, create a vacuum, boost suction pressures, mix granular solids with liquids and move granular solids with compressed air. In addition, they are offered at prices equal to or lower than other makers of eductors, or conventional electric pumps. [Request Pricing / Equal Model Number](#)

Jacoby Tarbox Eductors were designed to provide some real advantages over those currently being sold by other manufacturers.

These include such features as:

- All models are Full ANSI Rated.
- ISO9001 Manufacturer.
- Wrench flats at pipe connections prevent damage to unit on installation and removal.
- Ultra-smooth machining of nozzle finish.
- Vacuum-tight and leak-free O-ring seal.
- Machining of mixing tube to specified finish.
- Wide variety of connections.
- Entire unit meets ASME/ANSI B16.
